

AKHILESH KUMAR

Web Designer

I'm Akhilesh, a Creative and detail-oriented web designer with a passion for creating visually appealing and user-friendly websites. Bringing 3 months of hands-on experience in front-end web development, design software proficiency, and a commitment to delivering high-quality design solutions. Adept at collaborating with cross-functional teams to bring client visions to life. Eager to continue expanding my skills and contributing to innovative web projects.
